

Preliminary schedule is usually published few weeks before the beginning of the semester. Anyway, schedule of most courses stays the same for many years. You can find the last year's schedule and expect the same one this semester. Of course, this method is not always reliable, but it can help you to prevent schedule collisions when you choose your courses. 😊

The screenshot shows the SIS main menu with various navigation options. An orange arrow points to the 'Schedule NG' link under the 'Time-table' section.

Select Faculty of Science and the semester. Then, click on Courses.

The screenshot shows the 'Schedule NG - Settings - PIF - SS 20/21' page. An orange arrow points to the 'Faculty and semester' dropdown menu, which is currently open, showing a list of faculties and semesters.
